A brief welcome to **HYUNDAI POWER PRODUCTS**

The Hyundai brand is globally recognized for the quality and durability of its products. All Hyundai products are designed to offer the best price-performance ratio ensuring that consumers worldwide receive the best value for money.

The selection of Hyundai Power Products is extensive, ranging from domestic to professional and heavy duty industrial machines. The machinery is of the highest quality, with innovative features and Hyundai quality built in.

The Hyundai generators range remains to be the best of its kind, featuring diesel generators for backup and prime power, open frame petrol generators for professional and commercial use and petrol inverter generator for the leisure market.

However the vast Hyundai Power Products range consists of many more types of useful and interesting products. From high- pressure washers and garden machinery, to air compressors hand tools and construction equipment we are always looking ahead to bring the very best machinery to the market.

About **HYUNDAI**

Hyundai is a global leader across a vast range of businesses. Hyundai's Core Values are:

- Customer satisfaction - By providing better products and services
- Unlimited Challenge - Always setting higher goals and overcoming limitations
- Continuous Change - Constantly changing with creation and innovation

HYUNDAI and **dvize**

Dvize is the official and exclusive Hyundai Power Products importer, appointed by Hyundai Corporation. We are responsible for the import and distribution of Hyundai Power Products in the Netherlands, Belgium, Denmark and Sweden. As of 2021 Dvize is also the official and exclusive importer of Hyundai Hand Tools for the whole of Europe.

Early 2023 Dvize will operate from its newly built headquarter offices and warehouse in Almere-Poort, located centrally in The Netherlands. From there we supply a large and growing network of authorized dealers and provide sales and technical support.

PLANT A TREE

edenprojects.org
PLANT TREES | SAVE LIVES

For every Hyundai machine sold, DVIZE will have a tree planted. As of 2021 DVIZE became a partner of Eden Reforestation Projects, an organization that helps rebuild natural landscapes destroyed by deforestation. Hyundai continues to develop and innovate in the field of sustainability. DVIZE aims to reduce its own footprint and CO2 emissions. Help combat deforestation and buy a Hyundai machine. Next to having a reliable and high-quality powerful product, you also plant a tree.
